

# JaxMe 2 Mailing Lists

JaxMe 2 is supported through mailing lists

## 1. JaxMe Developers

Currently this is the only mailing list. As there is not too much traffic, it is shared by both JaxMe users and developers. If traffic grows, we'll create a separate list jaxme-user in the future. The mailing list address is [jaxme-dev@ws.apache.org](mailto:jaxme-dev@ws.apache.org). Subscribing and unsubscribing works by sending mail to [jaxme-dev-subscribe@ws.apache.org](mailto:jaxme-dev-subscribe@ws.apache.org), or [jaxme-dev-unsubscribe@ws.apache.org](mailto:jaxme-dev-unsubscribe@ws.apache.org), respectively. This list is receiving CVS notifications.

Searchable archives of this list can be found on <http://nagoya.apache.org/eyebrowse/SummarizeList?listId=172> and <http://marc.theaimsgroup.com/?l=jaxme-dev>.
