

Compilation Prerequisites

1.0

by Dave Viner

1. Intended audience

This How-to is aimed at developers who want to prepare for compiling the Xindice sources.

2. Purpose

Following the steps of this how-to should allow you to compile Xindice on windows.

3. Prerequisites

All you need is an internet connection and some patience.

4. Steps

Obtain a working version of the JDK 1.3 or higher. You can get the jdk from lots of places, one of which is Sun.

Obtain the Xindice [sources](#) from the download page.

5. Revisions

Find a problem with this document? Consider contacting the mailing lists or submitting your own revision. For instructions, read the [How To Submit a Revision](#).
