

Compilation Prerequisites

1.0

by Dave Viner
1.0

by Dave Viner

1 Intended audience

This How-to is aimed at developers who want to prepare for compiling the Xindice sources.

2 Purpose

Following the steps of this how-to should allow you to compile Xindice on windows.

3 Prerequisites

All you need is an internet connection and some patience.

4 Steps

Obtain a working version of the JDK 1.3 or higher. You can get the jdk from lots of places, one of which is Sun.

Obtain the Xindice [sources](#) from the download page.
